Author index

Akutagawa, K. and S.-i. Mun, Private goods provided by local governments 23
Alberini, A., A. Longo, S. Tonin, F. Trombetta and M. Turvani, The role of liability, regulation and economic incentives in brownfield remediation and redevelopment: evidence from surveys of developers 327
Ambrose, B.W. and R.J. Buttimer, GSE impact on rural mortgage markets 417
Anas, A. and K. Xiong, The formation and growth of specialized cities: efficiency without developers or Malthusian traps 445
Anderson, G. and Y. Ge, The size distribution of Chinese cities 756
Åslund, O., Now and forever? Initial and subsequent location choices of immigrants 141
Babcock, L., J. Engberg and R. Greenbaum, Wage spillovers in public sector contract negotiations: the importance of social comparisons 395
Bayindir-Upmann, T. and A. Ziad, Existence of equilibria in a basic tax-competition model 1
Behrens, K., How endogenous asymmetries in interregional market access trigger regional divergence 471
Bertaud, A. and J.K. Brueckner, Analyzing building-height restrictions: predicted impacts and welfare costs 109
Brasington, D.M. and D. Hite, Demand for environmental quality: a spatial hedonic analysis 57
Brown, R.P. and J.C. Rork, Copycat gaming: A spatial analysis of state lottery structure 795
Brueckner, J.K., *see* A. Bertaud 109
Brueckner, J.K., Transport subsidies, system choice, and urban sprawl 715
Brülhart, M. and R. Traeger, An account of geographic concentration patterns in Europe 597
Burbidge, J. and K. Cuff, Capital tax competition and returns to scale 353
Buttimer Jr., R.J., *see* B.W. Ambrose 417
Byrne, P.F., Strategic interaction and the adoption of tax increment financing 279
Camacho-Cuena, E., A. García-Gallego, N. Georgantzís and G. Sabater-Grande, Buyer–seller interaction in experimental spatial markets 89
Cohen, J.P. and C.J.M. Paul, Agglomeration economies and industry location decisions: the impacts of spatial and industrial spillovers 215
Cuff, K., *see* J. Burbidge 353
Dawkins, C.J., Tiebout choice and residential segregation by race in US metropolitan areas, 1980–2000 734
Dohmen, T.J., Housing, mobility and unemployment 305
Ecker, M.D. and H.R. Isakson, A unified convex–concave model of urban land values 265
Egger, P., M. Pfaffermayr and H. Winner, Commodity taxation in a 'linear' world: a spatial panel data approach 527
Engberg, J., *see* L. Babcock 395
Epifani, P. and G.A. Gancia, Trade, migration and regional unemployment 625
Epifani, P., Heckscher–Ohlin and agglomeration 645
Fernández, G.E., A note on tax competition in the presence of agglomeration economies 837
Fishback, P.V., Review of Werner Troesken's water, race and disease 883
